

Barry T

UNITED STATES ENVIRONMENTAL PROTECTION AGENCY  
REGION II

Date: September 23, 1992

From: Gina Ferreira  
Technical and Pre-Remedial Support Section, ER RD

To: Andrew Bellina  
Chief, Hazardous Waste Facilities Branch, AWM

Attachment I is a list of sites being considered by the Technical and Pre-Remedial Support Section as possible NPL sites. I understand that Tim Gordon is responsible for the EPI - PA program of RCRA and would appreciate if you could transfer this correspondence to him. Input as to whether or not there is ongoing RCRA activity at these sites should be provided. A reply by October 5, 1992 would be very much appreciated.

There is some overlap between EPA's Superfund and RCRA programs. EPA's policy has been to respond under the RCRA program to sites subject to the corrective action authorities of RCRA Subtitle C. The types of sites that are subject to the corrective action authorities of RCRA Subtitle C include: currently operating RCRA TSDFs, former TSDFs that operated as such for a period of time after November 19, 1980, RCRA "converters" that are former TSFs which have changed their RCRA status to "generator" or "non-handler" and RCRA "non- or late filers."

If you have have any questions, please contact me at x1913 or Walter Schoepf at x0221. I am currently working with Walter and will be dealing with the RCRA Program more often. I look forward to working with you.

Thank you for your time and consideration.
